Details of Efforts to Reach Omitted Inventors

1. Prior to the issuance of U.S. Patent 6,019,789, from which the present Application is a Reissue Application, all of the omitted inventors signed declarations stating that they were inventors of the subject matter contained in U.S. Patent Application 09/053,887 (now U.S. 6,019,789), and signed assignment papers assigning all of their rights to the subject matter contained in the U.S. Patent Application 09/053,887 to Quanam Medical Corporation, of Santa Clara California (Assignee).
2. Following the filing of the present Reissue Application, I received a copy of the Notice to File Missing Parts of Reissue Application (mailed April 10, 2002) from Attorney Walter J. Steinkraus. Following receipt of this notice I began trying to contact the inventors for the purpose of acquiring their signed declarations of inventorship. The following is a summary of the actions I took in attempting to contact each of the omitted inventors:
 - A) In regard to omitted inventor Robert Eury:

In an effort to locate and contact Robert Eury, on June 24, 2002, I sent a letter and a copy of a declaration for Mr. Eury's review by Federal Express to his office at Quanam Medical Corporation in Santa Clara, California. The letter and declaration was subsequently forwarded to Boston Scientific Corporation in Natick, Massachusetts.

On July 3, 2002, Cathie Dyer of Boston Scientific Corp. forwarded the letter and declaration, again by Federal Express, back to Quanam Medical Corporation for Mr. Eury's review. The letter and declaration were subsequently returned to me at SciMed Life Systems, Inc in Maple Grove Minnesota as being undeliverable.

In a further attempt to contact Mr. Eury, on July 26, 2002, I sent the letter and declaration by Federal Express the address I had on file at the time for Mr. Eury's home (10378B Lockwood Drive, Cupertino, CA 95014), however on August 8, 2002 the letter and declaration were returned to me by Federal Express as being undeliverable. Subsequently, I conducted an electronic search on the internet for other potential addresses for Mr. Eury. I also attempted to phone Mr. Eury at the number we had on file, but received no answer.

On August 14, 2002, I called Mr. Eury's cell phone number and left a message on his voicemail system, but have yet to receive any response.

On August 30, 2002, upon the information I acquired from the internet I sent another letter and declaration by Federal Express to Mr. Eury at 5190 Boxwood Place, Riverside, CA. 92506. I received a receipt indicating that Mr. Eury signed for and received the letter and declaration.

In an effort to confirm that I had reached Mr. Eury, on September 20, 2002 I sent a reminder letter to Mr. Eury at the Boxwood Place address.

Still trying to confirm Mr. Eury's address, on October 1, 2002 I sent, by Federal Express, a second reminder letter.

On October 2, 2002, I left another voicemail message on Mr. Eury's cell phone, to which I have never received a response.

B) In regard to omitted inventor Loc Phan:

In trying to contact Loc Phan, on August 15, 2002 I sent a letter and a copy of a declaration for Loc Phan's review by Federal Express to Loc Phan's home at 1197 Fargate Circle, San Jose, CA 95131.

On September 3, 2002 I again attempted to reach Loc Phan by mailing a reminder letter to the same address.

On September 20, 2002 I mailed a second reminder letter.

On October 1, 2002 I tried again to locate Mr. Phan by sending a third reminder letter by Federal Express to him at the Fargate Circle Address.

C) In regard to omitted inventor Linh Dinh

In attempting to contact Linh Dinh, on August 15, 2002 I sent a letter and a copy of a declaration for Linh Dinh's review by Federal Express to Linh Dinh's home at 2233 Augusta Place, Santa Clara, CA 95051

On September 3, 2002, I again attempted to reach Linh Dinh by mailing a reminder letter to the same address.

On October 1, 2002, I again attempted to contact Linh Dinh with a third reminder letter, which I sent by Federal Express, to the Augusta Place address.
